Texas Corporation Registration Package

Unless otherwise mentioned, the quotation of U.S. Corporation specifically refers to a company limited by shares registered in Texas, USA, in accordance with the Texas Business Organizations Code.

Introduction

The basic package fee to register a Corporation in Texas is USD 1,500. This package fee includes Kaizen registration service fee, registered address in Texas and registered agent fee (for one year), a set of standard bylaws, and the registration fee collected by Texas Secretary of State.

To register a Corporation in Texas, the documents provided by you include the business name that plan to use, the maximum number of shares authorized by its board of directors and par value of the shares, identification (e.g. passport) and residence address proof (e.g. utility bill, bank statement, etc.) for each shareholder, director, and manager (and secretary, if requested) of the Corporation.

If neither the business name contains any restricted words, nor there is any special license requirement for certain business operation, the Corporation registration schedule is about 7 to 9 business days. You can also request expedited service. In this scenario, the most expedited service is to accomplish the registration on the same day of filing the order to government. (Extra service fee needed).
